
THE
ORIENTAL
SPA

A temple of wellbeing, set in a restored century-old teakwood house, The Oriental Spa is an oasis of peace, tranquility, and sanctuary where heritage and holistic well-being meet.

The services and offering are inspired by the rhythms of the river and the wisdom of ancient healing. The Oriental Spa is the first 5 starts city spa in Bangkok, and it has been the beacon of wellness since then.

Guests begin their experience with a short boat ride over the River of Kings to The Oriental Spa, which is located directly across the river from the hotel. They are welcomed with a cooling tea and then enjoy a private consultation that allows the therapist to tailor treatments to guests' individual needs.
