## THE TEA GROUP

The Tea Group serves as the bridge between rare, elite tea houses and the modern table. They are dedicated to preserving timeless ceremonial rituals and giving back to the women whose hands lovingly nurture every leaf.

To honour the authentic Chinese dining experience at Liang, Mandarin Oriental, Doha, The Tea Group has exclusively selected Teaspec, the connoisseur's choice for aged Pu'er, alongside a pristine collection of historically authentic Chinese Oolong, black, green and white teas.

Sourced from the historic mountains of China, these teas are collected and stored to mature like vintage wine, delivering the sophistication and depth required to complement the exquisite menu at Liang.
