CUISINE

Amber's culinary language is one of innovation, intention and indulgence — a reflection of our three Michelin Stars and Green Star. Under the guidance of Chef Richard Ekkebus, we blend the precision of classical French foundations with the vibrancy of Hong Kong and the region. Come with us as we embark on a journey to discover dedicated growers and fishers, whose produce is harvested at their peak, and flavours are coaxed with reverence and artistry.

INTERIOR DESIGN

Refined, light and contemporary, Amber's inspiring interiors reflect Chef Richard Ekkebus's renewed vision for fine dining. Featuring warm, neutral colours and organic forms, floor-to-ceiling windows afford guests panoramic views of the city below. Curving low partitions snake through the restaurant creating pockets of intimate dining spaces. Designer Adam Tihany, founder of New York-based Tihany Design, who was responsible for Amber's original interiors, returned for the full-scale makeover. "The new Amber is light, curvaceous and less formal compared to its original design, which conveyed masculine elegance," explains Tihany. "It embraces the evolution of fine dining to portray a more approachable, personal experience."

ARTWORK

Amber features custom-made sculptures crafted by Hong Kong-based artist Gail Deayton. Designed to enhance the dining experience, the sculptures are inspired by the urban landscape surrounding The Landmark Mandarin Oriental, Hong Kong, and the communal spirit of dining together. Moving through Hong Kong's bustling streets, the landscapes and architecture continually change. Reflecting this experience, each guest will view the sculptures from different angles, noting subtle changes as their viewpoint shifts. The circular designs convey Amber's holistic, seamless dining experience, incorporating the elements of ambience, service, engagement and execution.

SUSTAINABILITY

Long before sustainability became a global imperative, Amber and Chef Richard Ekkebus were already redefining luxury dining through unwavering ethical commitment. For two decades, while the industry treated responsible practices as marketing rhetoric, Amber has lived this philosophy in every ingredient sourced, every dish crafted, and every partnership forged.

But we believe this is sustainability as it should be – not an afterthought, but the very foundation of culinary artistry. Menus evolve in harmony with nature's rhythms, featuring ingredients harvested at their peak from sources chosen as much for their environmental stewardship as their quality. Beyond the plate, this commitment radiates through every aspect of Amber's presence, from its triple Michelin-starred recognition to its groundbreaking Green Star achievement – a dual honour no other Hong Kong restaurant holds.

Chef Ekkebus' leadership extends far beyond the kitchen, regularly shaping global conversations through roundtables and workshops that advance sustainable gastronomy. The 2019 relaunch crystallized this vision in Amber's manifesto, transforming thoughtful practices into enduring principles that continue to guide each culinary creation.

At Amber, sustainability has never been about appearances – it's the quiet confidence of knowing true excellence cannot exist without responsibility.
