

WU XING

FIVE ELEMENTS

五行

BY

MANDARIN ORIENTAL, NEW YORK

# INTRODUCTION

Wu Xing, directly translated to “Five Elements”, is an ancient Chinese philosophy that is regarded as the foundation of everything in the universe and natural phenomena. As material forces that flow successively, they are an inherent part of Chinese beliefs and culture.

Each element has its own color, flavor, and energy. The five elements: mu (wood), huo (fire), tu (earth) jin (metal), shui (water) when presented in this order are known as the Creation Cycle, symbolizing balance and harmony.

This volume explores the unique flavors and energies of each element through our curated cocktail menu to experience the art of Wu Xing.
