RELY ON AMMANN HEAVY EQUIPMENT PARTS AND SERVICE KITS

Getting the right parts in your hands – when you need them – is essential to your business. Ammann parts provide the high quality you depend on, ensuring your equipment is available for the long run. Ammann maintenance kits include the requested component and every necessary nut and bolt that goes with it in one convenient package.

Check Out Service Videos

Take advantage of a variety of videos covering service procedures for heavy equipment. The films are a great supplement to operating manuals and repair instructions.

They are available on the Ammann YouTube channel and the Ammann Service App. All maintenance kits are also equipped with a QR code that calls up the corresponding film for the technician. In addition, the QR code below will take you to all the service videos.

SERVICELINK

Ammann ServiceLink is a digital data management tool that provides customers with the information they want the most: machine location, battery status and hours. Data transfer is automatic thanks to new hardware, and access to the information is only a click away.

Manage your equipment – anytime, anywhere – with Ammann ServiceLink. This comprehensive fleet system provides key data for light compaction equipment, heavy compaction machines and asphalt pavers. You can choose which machines to track.

HIGHLIGHTS

- Supplies machine location, operating hours, battery status
- Requires no subscription fees for the upto 3 years.
- Provides one-click access to data
- Reliably transmits data from machines, no matter where they are
- Compatible with all machines produced by Ammann.
- Streamlines fleet upgrades (retrofit option)
- Easy to install

Ammann ServiceLink ist ein digitales Datenmanagement-Tool, das Kunden die wichtigsten Informationen zur Verfügung stellt: Maschinenstandort, Batteriestatus und Betriebsstunden. Die Datenübertragung erfolgt mit neuer Hardware automatisch, und der Zugriff auf die Informationen ist nur einen Klick entfernt.

Verwalten Sie Ihre Maschinen – jederzeit und überall – mit Ammann ServiceLink. Dieses umfangreiche Flottenmanagement-System stellt wichtige Maschinendaten für leichte und schwere Verdichtungsmaschinen sowie Straßenfertiger bereit. Sie wählen die Maschine aus, deren Daten für die Baustellenplanung relevant ist.

HIGHLIGHTS

- Liefert Daten zu Maschinenstandort, Betriebsstunden, Batteriestatus
- Erfordert keine Abo-gebühren für bis zu 3 Jahre.
- Ermöglicht den Zugriff auf Daten mit nur einem Klick
- Überträgt zuverlässig Daten von Maschinen, egal wo diese sich befinden
- Kompatibel mit allen von Ammann hergestellten Maschinen.
- Optimierung des Flottenmanagements (Retrofit-Option)
- Einfach zu installieren

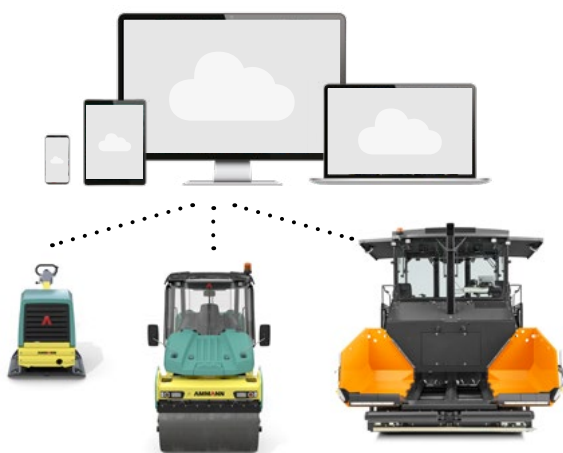

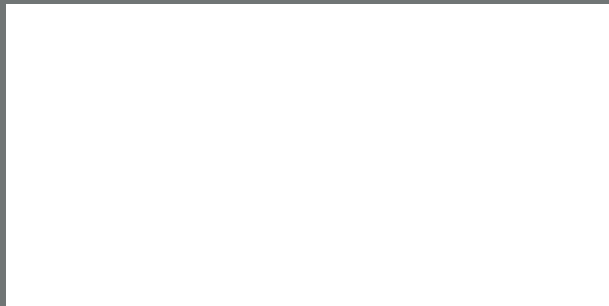

Ammann ServiceLink est un outil de gestion numérique des données, qui fournit aux clients les informations dont ils ont le plus besoin : l'emplacement de la machine, l'état de sa batterie et ses heures de fonctionnement. Le transfert des données est automatique grâce au nouveau système, et l'accès à l'information se fait en un clic.

Grâce à Ammann ServiceLink, gérez votre équipement à tout moment et où que vous soyez. Ce système complet de gestion de flottes fournit des données clés pour les équipements de compactage légers, les machines de compactage lourdes et les finisseurs. Vous pouvez aussi choisir les machines que vous souhaitez suivre.

POINTS FORTS

- Il fournit l'emplacement de la machine, ses heures de fonctionnement et l'état de sa batterie
- Pas de frais d'abonnement pour une durée allant jusqu'à 3 ans.
- Il permet d'accéder aux données utiles en un seul clic
- Il transmet de manière fiable les données des machines, où qu'elles se trouvent
- Compatible avec toutes les machines produites par Ammann.
- Il permet de rationaliser l'entretien de la flotte (option de rétrofit)
- Il est facile à installer
